Nov 2023 – Apr 2025

- Worked within a development team to develop an HR backend, POS backend, and ERD modeling.

Projects

Volunteering Platform ([View Live](#)) ([short video](#)) - [Letter of Appreciation](#)

Oct 2025 – Apr 2026

Technologies: Next.js | NestJS | TypeScript | PostgreSQL | Inngest | Cloudflare | Resend | Grok AI | Sentry | Vercel

- A platform for volunteers and admins with role-based access, OTP auth, JWT versioning, and session support
- Automated certificate: background job, HTML-to-PNG, cloud storage, and email/push notification delivery.
- Built a full content, user, notification, and email management system: posts, magazines, spotlights, real-time search, filtering, sorting, pagination, Excel export, SEO, and Google Search Console integration.
- Integrated AI chatbot with streaming, model fallback, and per-IP rate limiting, GPS map, GA4, and Sentry.

Cash for Cars Website ([View Live](#))

Mar 2025 – Apr 2025

- Lead management platform for a Calgary car buying business, tracking leads from new inquiry to deal closed, multi-step quote form, admin dashboard with search, filters, and email notifications on every submission.
